1. TITLE - CHILD PROTECTION – SCHOOLS, EARLY CHILDHOOD EDUCATION AND CARE SERVICES

2. STATEMENT

This policy is based on the following principles.

- 2.1 Protecting the safety of children and young people is a fundamental responsibility that can not be compromised by other considerations.
- 2.2 Children and young people have a right to
 - be treated with respect and to be protected from harm
 - feel and be safe in their interactions with adults and other children and young people
 - understand, as early as possible, what is meant by 'feeling and being safe', and
 - the support of counsellors or designated staff in their education or care setting whose role includes advocacy for their safety and wellbeing.
- 2.3 Children and young people are entitled to the rights outlined in 2.2 irrespective of their special needs, gender, race, sexual orientation or cultural, religious or family circumstances.
- 2.4 Preventing and intervening in the abuse and neglect of children and young people is
 - a moral and legal obligation
 - a contribution to breaking cycles of intergenerational abuse, and
 - a contribution to the safety and wellbeing of everyone participating in DECD sites/services and of the wider community.
- 2.5 Child protection concerns arise within family, community and institutional contexts. The actions and efforts of people from within and outside the education and care setting are needed if interventions on behalf of children and young people are to be successful and sustained.
- 2.6 Maintaining children and young people's attendance at and engagement with education and care environments is a key contributor to their safety and wellbeing.
- 2.7 This policy interconnects with other DECD policies aimed at establishing and maintaining safe and respectful education and care environments.

3. PURPOSE

- 3.1 The purpose of this policy is to describe the broad roles and responsibilities
 - education and care staff and volunteers have towards the safety and wellbeing of children and young people, and
 - education and care leaders have in enabling, supporting and ensuring those responsibilities are met.

4. SCOPE

- 4.1 This policy applies to all employees working in DECD education and care settings and programs.
- 4.2 Parts of this policy apply to volunteers in DECD. Volunteers are enabled and supported to meet relevant requirements in this policy through approved guidelines on the management of volunteers.

5. OBJECTIVES

This policy is designed to ensure that education and care staff and volunteers contribute to children and young people's safety and wellbeing in the following ways

- 5.1 They provide safe, respectful and engaging environments where children and young people observe and are taught positive life skills and values. This helps children and young people to
- develop and expect positive relationships with others
 - be resilient and resourceful in dealing with stress and adversity, and
 - achieve their potential as learners.
- 5.2 They recognise when children and young people's wellbeing or safety is being compromised and they follow up on these concerns. This helps ensure that
- timely and relevant information is gathered and shared with other professionals
 - unsuitable individuals are not retained on education and care sites
 - children, young people and their families are directed to support when they first show signs of needing it, and
 - fewer children and young people are harmed by violence, abuse and neglect occurring within or outside their family environment.
- 5.3 They understand that the needs of children and young people who have been harmed through violence, abuse or neglect may require them to adapt their programs and support accordingly. This means that
- children and young people affected by violence, abuse and neglect are more likely to stay connected to care and education settings and
 - the care and education experience contributes to their recovery and their development of positive coping skills and learning success

6. POLICY DETAILS

Screening

Employees, prescribed volunteers and other persons designated by legislation or DECD policy will be screened for their suitability to work or volunteer with children and young people on DECD sites/services; or to access DECD sites/services for the purposes of training, research or service provision.

- 6.1 DECD screening requirements for employees, prescribed volunteers and other designated persons will meet legislated requirements and national standards.
- 6.2 Employees, prescribed volunteers and other designated persons working at or accessing DECD sites/services will meet DECD screening requirements which include an approved criminal history clearance, updated every three years.

Training and support

Staff and volunteers will receive training and support which explains their child protection responsibilities and outlines how these responsibilities can be met with sensitivity and purpose. One of these responsibilities is their role as a mandated notifier under Section 11(1) and (2) of the Children's Protection Act 1993.

- 6.3 Staff will undertake approved full day child protection training program as a condition of employment and receive approved three yearly update programs thereafter. This training includes individuals' responsibilities as mandated notifiers.
- 6.4 Volunteers will receive approved child protection induction sessions. This training includes individuals' responsibilities as mandated notifiers.
- 6.5 School counsellors or staff designated to provide advocacy for children and young people's safety and wellbeing will meet relevant DECD job and person specifications and will receive approved induction, ongoing professional development and support.
- 6.6 Staff involved in teaching approved child protection curriculum will receive approved training, ongoing professional development and support.
- 6.7 Staff with responsibilities to investigate serious allegations against employees or volunteers in DECD sites/services will meet DECD job and person specifications, will receive approved induction and will have support and supervision appropriate to the critical nature of their work.

Conduct

Staff and volunteers are expected to relate respectfully with all members of the education or care community. Staff and volunteers have a responsibility to report and intervene against behaviours that compromise the safety or wellbeing of children and young people.

- 6.8 All staff and volunteers will follow approved protective practice guidelines in their physical and social interactions with children and young people.
- 6.9 All staff will follow approved child or student attendance and behaviour management policies and incident response guidelines.
- 6.10 All staff will meet adult conduct requirements outlined in legislation, state Government codes, cabinet directives and licensing, approving or regulating processes.
- 6.11 Serious allegations against staff or volunteers will be referred for investigation by the appropriate authority and decisions about the placement of the individual facing an allegation will be made with the best interests of children as the guiding consideration.

Curriculum

Children and young people will engage with curriculum which explicitly teaches them about the nature of personal safety and wellbeing, their rights to personal safety and wellbeing, help-seeking and self-protecting behaviours and their responsibilities to the safety and wellbeing of others.

- 6.12 All children and young people in DECD preschools and schools will access approved child protection curriculum.
- 6.13 The approved child protection curriculum will be taught by staff who have received training in its use.
- 6.14 The approved child protection curriculum will be reviewed in response to emerging evidence about child abuse and violence prevention programs.

Communication and collaboration

Issues affecting children and young people's safety and wellbeing are often complex. Successful interventions require carefully coordinated and communicated actions.

- 6.15 Sites/services will communicate to all members of their communities the limits of confidentiality, the unqualified commitment to children's safety and the adherence to state information sharing guidelines.

- 6.16 Sites/services will consider all available sources of support from within DECD and from other agencies and organisations when the needs of vulnerable children and young people are first identified.
- 6.17 Sites/services will raise concerns through regional personnel when they believe collaborations and/or available services are inadequate to protecting children’s safety and wellbeing.
- 6.18 Sites/services will support and contribute to interagency efforts to improve family and community safety and wellbeing.
- 6.19 Sites/services will follow DECD, state and national requirements for documentation and record keeping.
